Short Description

G&L Guitar Decal Head stock Water slide Restoration Logo

Description

- **We sell restoration Waterslide decals these are not factory Brand decals...**you cannot buy factory waterslide decals from the manufacture so we supply every brand of guitar decal on the market. We try our best for exact match however. Nothing will be exactly like the original.
- We do not support making fake guitars...these are for restoration use only
- Comes with luthier fitting instruction for a professional finish.
- Make sure before you order the correct size as there is many different sizes and variation
- We sell inkjet, laser, 3d metal. If your not sure please ask before you purchase
- You cannot use inkjet on dark or black wood, you need a foil decal or 3d metal

- All website images are low resolution
- We make other guitar decals, if you don't see it ask us.
- Foil Decals are not ink so you will see foil lines which are normal not a defect and will go away when applied
- Always apply a coat of clear to your decal before application or ink may run.
- all of our decals have two coats of clear before shipment, regardless...still add a coat of your clear to the decals to seal the ink and any reactions with your clear is better to see it before you apply the decal. Ink running when in the water is ONLY due to not following the instructions and not a defect, warranty or return item. Please follow the instruction that come with the decal. It can save you time and money.
- Our foil decals will have a foil background in the listing or in the top right corner say Gold Foil or Silver Foil

Please read before purchasing

Top quality Free Worldwide Shipping All decals have two coats of laquer prior to shipping Always spray a coat of clear before using decal 1: to ensure your clear does not react 2; to seal any scratches during shipping and test fitting so ink or foil is sealed Comes with luthier fitting instruction for a professional finish.
